## Erasmus+ project GIG UP 2021-1-DE04- KA220-YOU-000028951

### ABOUT THE PROJECT

The GIG-UP project aims at offering a new program to tackle NEET's (Not in Education, Employment, or Training) barriers to employment, and support them in the smooth transition to the labour market, using the gig economy as an activator for employability skills.

The GIG UP will contribute to the empowerment of young people who only experienced precarious work forms or that never worked before, by offering a program that will reinforce and favour the development of transversal competencies needed in the fast-changing world, encompassing: critical thinking and creativity, adaptability and an entrepreneurial mindset.

### IMPACTS

Stronger participation of young people in democratic and civic life

Decreasing the time, they spend in unemployment

Tackle barriers preventing them to gain economic independence

Decrease the possibility to be exploited (economically or legally)

Increase their ability to manage their finances and their work efficiently
