## Erasmus+ project GIG UP 2021-1-DE04-KA220-YOU-000028951

### PROJECT RESULTS

**PR1: GIG UP Library and skills grid**

**PR2: Handbook for practitioners**

#### Description of PR1:

The materials in the library can be used together, to create a unique program, or can be used in associations with other activities organized by NGOs, VET schools, HEIs, employment services.

#### The guide contains:

Theoretical and practical resource conceived to meet the learning needs and constraints of the target, while at the same time providing meaningful guidance to reinforce their soft and social skills, while empower them and make them stronger and empowered employees and citizens.

The GIG UP Library is an online platform offering a wide range of ready-to-use materials. This digital library consists of micro-lessons, texts, games, reading materials, exercises, presentations, infographics, and more. With over 10 topics covering essential competences for independent workers, such as time management, entrepreneurial mindset, problem-solving skills, and digital literacy, the library equips individuals with the necessary knowledge and skills to excel in their work.

## PR2: Handbook for practitioners

### Description:

More specifically, the handbook is offering educators and youth workers a new opportunity to create an inclusive and pragmatic environment to work with social inclusion and issues related with unemployment.

The handbook offers guidance to any other educator (youth workers, educators, HR managers, mentors, coaches, and career advisers in VET and HEI organizations or employment services ...) in charge of fostering NEETs / youth employability skills.

### The handbook contains:

NEETs' barriers and specific needs; what is the GIG economy and actual rules on self-employment divided by country; How to use the library as a unique program; update non formal education techniques, in relation with the elements in the library specifically, to guide educators in how to use them and have the best results with the target group; how to mentor NEETs and how to facilitate their learning progress; assessment tools for skills validation; +specific focus on employability skills, communication skills etc.

MEETING AGENDA	
ACTIVITY	STATUS
KICK-OFF MEETING	COMPLETED
MID-TERM EVALUATION AND PLANNING MEETING	COMPLETED
MULTIPLIER EVENT	UPCOMING
FINAL MEETING	TO BE HELD

**The platform will provide a certification with a thorough report on program competency. Participants can showcase their talents to contractors and employers by attaching the certificate to their CV.**

**Online library content and handbook will be translated and culturally adapted by partners.**
